

#### Description

Dr Radon's EHR-S transmits an accept acknowledgement message to Century Hospital's LIS which indicates the ORU message Prothrombin Time (PT + INR) test results has been successfully received.

#### Comments

This is the initial "smoke testing" to reveal simple failures of the acknowledgment message severe enough to preclude further testing.

#### PreCondition

Patient information is pre-loaded in the EHR-S.  
No other Pre-Condition.

#### PostCondition

No Post-Condition.

#### TestObjectives

- Minimally populated message.
- Demonstrate capability to support creating a positive accept acknowledgement Message in response to successful receipt of the ORU message:
- Minimally populated MSH Segment - Demonstrate the capability to support the minimally required data elements in the MSH segment.
- Minimally populated MSA Segment - Demonstrate the capability to support the minimally required data elements in the MSA segment.

#### Notes to Testers

No Notes.
