— Description—		

Dr Radon's EHR-S transmits an accept acknowledgement message to Century Hospital's LIS which indicates the ORU message Prothrombin Time (PT + INR) test results has been successfully received.

### Comments

This is the initial "smoke testing" to reveal simple failures of the acknowledgment message severe enough to preclude further testing.

### -PreCondition-

Patient information is pre-loaded in the EHR-S. No other Pre-Condition.

# -PostCondition-

No Post-Condition.

# TestObjectives -

- · Minimally populated message.
- Demonstrate capability to support creating a positive accept acknowledgment Message in response to successful receipt of the ORU message:
- · Minimally populated MSH Segment Demonstrate the capability to support the minimally required data elements in the MSH segment.
- Minimally populated MSA Segment Demonstrate the capability to support the minimally required data elements in the MSA segment.

### -Notes to Testers

No Notes.
