Description-

The Laboratory Test Compendium from Century Hospital Clinical Laboratory is a subset of their Directory of Services. It is based upon the most commonly ordered lab tests by Dr. Radon. This compendium is being used by Dr. Nicholas Radon's practice EHR-S to place orders electronically to Century Hospital's Clinical Laboratory. Century Hospital has made the following changes to their test compendium:

- Revised the LOINC for Penicillin susceptibility test.

Century Hospital's LIS transmits the appropriate eDOS update messages with these changes to Dr. Radon's EHR.

-Comments

Update changes for revision of information about individual observations.

-PreCondition

EDOS_1.0_1.1-M08_New

and

EDOS_1.0_2.1-M10_New

and

EDOS_1.0_3.1-M04_New

and
